

REFUNDS FOR DRUG STAMPS

Dealers Carrying Goods Already Stamped Must Have Check Made.

Many retail dealers who have carried articles taxable under the revenue law of 1915 and not taxable under the law of 1921 either have attached proprietary stamps to the articles, or have an amount of such stamps on hand, for which they are entitled to reimbursement from the government, upon presentation of the stamps and claims for refund. These refunds cannot be made by the local collector's office, but must be upon orders from the internal revenue bureau at Washington.

Owing to these facts, Deputy Collector of Internal Revenue, J. W. Reeve Saturday issued a statement for the convenience and information of those having proprietary stamps upon which a refund may be made, and notes the bureau's regulation as follows:

"Unused stamps may be redeemed on claim executed on Form 46, presented by the owner, or his authorized representative, accompanied by the stamps. Such claims should show that the claimant is the owner of the stamps presented, that they were purchased from the government within two years of filing claim, and that the stamps were unused, explaining any cancellation or appearance of having been used. In case of stamps affixed in error to articles not taxable or in excess to articles taxable and unused, the claims should be accompanied by the stamps, which should be detached in the presence of a deputy collector, or if they can not be detached and filed, by a showing of the fact and by the deputy collector's certificate to their mutilation or destruction by him, and his indorsement thereon that claim was filed. In case of sale made where the articles or sales were not taxable or were stamped in excess, refund may not be made except to the buyer or taxpayer. There is no authority for the redemption of stamps lost or stolen, and no provision for restamping free of charge where stamps become lost from articles or where it becomes necessary to repack articles to which stamps have been affixed and which have not yet been sold to consumer or user. Redemption may be had of the stamps representing the taxes that did not accrue, the stamps to be redeemed in such case to be attached in the presence of a deputy collector."

Collector Reeve further says that in cases where it is not desirable to remove the stamps, a deputy collector will be detailed to check the stock so stamped, and to certify to the correctness of the claim, as provided in the regulations. In every such case, the stamps remaining on the goods must be cancelled by the deputy collector.

CO. INFIRMARY OPENS JAN. 17

Officials Plan Formal Opening of Newly Remodeled Building at Roy.

Formal opening of the newly remodeled county infirmary at Roy has been announced by members of the county commission for Tuesday, January 17, when officials of Davis, Morgan, Box Elder and Weber counties and the public will be invited to attend. A program will be arranged with music, addresses and entertainment to be held in the infirmary building during the afternoon, it was said.
